	Took them from a friend's home	14%	8%	14%	25%

* 6th grade survey did not ask this question.

** In 1998, percentages were based on recent drug users. This year, because recent use questions were dropped for most substances, the percentages are based on past-year drug users who cited a source, i.e. those who answered this question. Due to this difference, results are not directly comparable to 1998 results.
